Aggarwal K.: *see* Aggarwal S. P.
Aggarwal S. P., Aggarwal A. K. and Aggarwal K.: Oral papillomatosis treated with cryotherapy: a case report, 268
Alginate impression material, dispensing and weighing apparatus for, 348
Atkinson P. J., Roberts E. W. and Khudayer Z. M.: Porous ceramic materials as immediate root implants, 189

Bagnall R. D. and Robertson W. D.: An adhesive dental cement containing calcium hydroxyapatite, 135
Beam-aiming, film-holding and collimating devices as an aid to standardization in intra-oral radiography: a review, 36
Book Reviews, 91, 183, 276, 353
Brant P.: *see* Prosser H. J.
Brown J.: *see* MacGregor A. R.

Calcium hydroxyapatite, adhesive dental cement containing, 135
Carmichael J., Crawford C. A., Quinn D. M. and Yemm R.: Dispensing and weighing apparatus for alginate impression material, 348
Causton B. E. (ed.): Dental materials: 1981 literature review. Part 1, 1
Causton B. E. (ed.): Dental materials: 1981 literature review. Part 2, 95
Cefadroxil, use of, in the treatment of acute orofacial infections, 247
Ceramic materials, porous, as immediate root implants, 189
Chana M. S. and Kuhn A. T.: A critique of the Tucci'lo–Nielsen wheel method for tarnish testing of dental alloys, 314
Chopra P.: *see* Parkash H.
Class II cavities, restoration of, by polymeric materials, 47
Clifford T., Richardson A. and Simpson M.: An investigation into the effect of tongue-space encroachment on the rest position of the mandible, 71
Cobalt chromium alloy casting defects, influence of sprue design on, 175
Co–Cr partial dentures, scanning electron microscope study of, fractured in service, 122
Collimating devices, film-holding, beam-aiming, as an aid to standardization in intra-oral radiography: a review, 36
Commodore Pet microcomputer, kinesiograph studies of jaw movement using the, for data storage and analysis, 53
Compton R. C.: *see* Isenberg B. P.
Crawford C. A.: *see* Carmichael J.
Cryotherapy, oral papillomatosis treated with: a case report, 268
Cumberbatch G.: *see* Woolgrove J.
Cumming C. G., Ross P. W., Smith G. F. Lough H. and Moyes A.: The use of cefadroxil in the treatment of acute orofacial infections, 247

Davidson C. L.: *see* Lambrechts P.
Dental caries, prevention of, in the general dental service, 215
Dental cement, adhesive, containing calcium hydroxyapatite, 135
Dental materials: 1981 literature review. Part 1, 1
Dental materials: 1981 literature review. Part 2, 95
Dental pulp chamber, morphological considerations of, from radiographs of molar and premolar teeth, 139
Dental restorations, posterior, quantitative evaluation of the wear resistance of: a new three-dimensional measuring technique, 252
Denture polymers, recent experiences with, 146
Denture wearers, complete, some clinical investigations of the masticatory performance of, 334
Domiciliary dental care for handicapped elderly people, 328

Edentulous patients, vertical dimensions in, 287
Elderly people, handicapped, domiciliary dental care for, 328
Elderton R. J.: The prevention of dental caries in the general dental service, 215
Endodontic treatment, septicaemia as a complication of, 241

Fenton R. A. and Smales R. J.: Immediate-polished and as-carved Tytin restorations after 12 months, 165

Fibre content, myelinated, of human inferior alveolar nerves from dentate and edentulous subjects, 283
Film-holding, beam-aiming and collimating devices as an aid to standardization in intra-oral radiography: a review, 36

General anaesthesia, use of, in general dental practice, 243
dental practice, use of general anaesthesia in, 243
dental service, prevention of dental caries, 215
Gerke D. C.: *see* Smales R. J.
Gingival recession, 29
Glass-ionomer cements, characterization of. 7. The physical properties of current materials, 231
Graham J.: *see* MacGregor A. R.
Greenfield T. A.: *see* Abdel Wahab M. H.
Griffiths J. M., Jackson F. J. and Skinner J. C.: The analysis of silver–tin dental alloys by X-ray spectrometry, 158

Handicapped elderly people, domiciliary dental care for, 328
